

FIRST TIME PRINCESS SERIES

Part One

Royal at Heart, Princess by Choice

Why a Loyal Royal Fan Is Cruising on Princess

Cruise Chat Topic

This Cruise Chat focused on why a long-time Royal Caribbean cruiser chose to try Princess Cruises — not as a replacement, but as an opportunity to experience cruising from a new perspective.

Key Reasons Discussed

Curiosity Beyond Loyalty

Loving Royal Caribbean doesn't mean other cruise lines can't offer something valuable. Trying Princess is about expanding cruise experiences, not abandoning favorites.

A Different Onboard Pace

Princess offers a calmer, more refined atmosphere compared to Royal's high-energy vibe — ideal for cruisers who enjoy balance, relaxation, and intentional downtime.

Fresh Itineraries & Experiences

Princess provides routes, ports, and onboard offerings that feel new even to experienced cruisers.

🌟 Highlight: The Princess Medallion Is a Game Changer

The Princess Medallion personalizes the cruise experience by:

- Touchless stateroom entry
- Ordering food and drinks anywhere onboard
- Easily locating others in your travel party

For many Royal-loyal cruisers, this feels like a meaningful technology upgrade.

Top User Suggestions

- Explore Princess specialty dining
- Take advantage of enrichment and onboard programming
- Experience Princess with an open mind
